

# PICHAYA DEACHPOL

## Senior Customer Application Engineer

STATUS : Available

### About Me

With 8 years of experience as a developer, I specialize in mobile app development for both Android and cross-platforms, leveraging NFC and RFID technologies to create innovative features. I focus on designing apps that are stable, fast, and user-friendly, using UX design processes and user research to enhance usability. I have successfully collaborated with cross-functional teams to integrate new APIs and deliver optimal results, ensuring apps meet user needs and exceed expectations.
